Belfast City Tour Our tour guide will introduce you to the historic city of Belfast, Northern Ireland's capital. It was the birthplace of the RMS Titanic, which famously struck an iceberg and sunk in 1912. This legacy is recalled in the renovated dockyards' Titanic Quarter, which includes the Titanic Belfast, an aluminium-clad museum reminiscent of a ship's hull, as well as shipbuilder Harland & Wolff's Drawing Offices and the Titanic Slipways, which now host open-air concerts.

Giants Causeway Visit For centuries countless visitors have marveled at the majesty and mystery of the Giants Causeway. At the heart of one of Europe's most magnificent coastlines its unique rock formations have, for millions of years, stood as a natural rampart against the unbridled ferocity of Atlantic storms. The rugged symmetry of the columns never fails to intrigue and inspire our visitors. The result of an ancient volcanic eruption, to stroll on the Giants Causeway is to voyage back in time.
